## INCREDIBLE TRAINING – INCREDIBLE TRAINING FACILITY

Our Covert Ops training takes place at a facility where members of elite military and law enforcement teams train for air, sea and land operations. In its former life, the 1150 acre facility was a high-security state prison. Up until June of 2011, it was the Hendry Correctional Institute, a high-security state prison housing 783 adult males, serving prison terms ranging from a year and a day, to life. Most of the original infrastructure remains, from the old prison farm to the prison chapel and prison law library. We'll use one or more training venues within the facility for our program.

### ON-SITE LODGING AVAILABLE AT AN ADDED COST

Six newly-remodeled three-bedroom, two bath condos are available on-site and can be rented on a nightly basis. (In a former life, the buildings provided housing for the prison warden and key staff.) Barracks are available to house groups.
